

A date for your DIARY...

A special beauty open night is to be held next month featuring the latest anti-ageing treatments, demonstrations by highly trained experienced therapists and the best hair and beauty products

Ingle Neuk director Christine Darbyshire leads a team of vastly experienced therapists, all members of the British Association of Beauty Therapy and Cosmetology.

With over 70 years' experience between them the beauty team at Ingle Neuk have a reputation for offering the highest standards both in quality and service.

They are delighted to announce the introduction of new skin care range Priori, a professional skin renewal system designed to make your skin look younger almost instantly while taking your results to the next level.

Priori offers a wide range of professional treatments for the

face and body, including localised treatments for the hands, feet and problem areas such as the hips, abdomen and thighs.

Ingle Neuk also offers shorter "lunchtime" treatments that deliver immediate benefits in the form of quick, visible results with no 'down time'. Priori was introduced to the UK by Dr Patrick Bowler, cosmetic doctor from TV's Look 10 Years Younger.

Christine has recently updated her permanent make-up skills – a procedure she has been performing for over 15 years.

This makes her one of the country's most experienced permanent practitioners, endorsed by her appearance on TV

demonstrating the procedure with Julia Carling in 1989.

She has upgraded to Nouveau Contour's flagship microprocessor-controlled digital machine 'The Intelligent'. This is the most advanced permanent cosmetic device available, and linked with Nouveau Contour's advanced needle technology and Christine's expert eye, you can be sure of beautifully natural hair stroke brows, lusciously outlined lips or eye-catching eye enhancements.

Anyone booking a procedure on the salon's special open night will receive £50 discount. A 20 per cent non-refundable deposit will secure your treatment.

Ingle Neuk also specialises in the number one mineral make-up in the world, 'Bare Minerals' carrying the largest stock in the Ribble Valley. Wedding packages for bride and groom are available at both Reds and Ingle Neuk. Gift vouchers also make an ideal present for lots of occasions.

The open night is being hosted by both the teams of Ingle Neuk and Reds on Thursday 18 March from 6.30pm to 9.30pm. The evening is dedicated to how you can help yourself to look good and feel fantastic.

The event is FREE to attend but pre-registration is required. To reserve a place please call 01254 248183. ■

REDS TURNS HEADS

A hair and beauty salon already regarded as one of the best in the region has just entered an exciting new era

Reds of Salesbury has unveiled a smart new look following an expansive refit to put it right at the forefront of style and design.

However, the man behind the venture is keen to stress that it's the expertise and talent of the stylists and therapists that has earned Reds – along with its stablemate beauty salon Ingle Neuk @ Reds – its fine reputation.

Darryl Redhead and twin brother David bought the former Post Office in Church View and

transformed it into a successful hair salon, six years ago. Darryl, now a consultant with leading hair care brand, Paul Mitchell®, decided it was time to raise the bar and reach for the very top.

"We wanted to be able to offer everything that clients expect when they walk into a city salon. We hope our transformation manages to create a 'wow' factor that impresses our customers."

Reds is also introducing the Paul Mitchell® Wash House Experience, a service where clients will be offered a 15-minute massage and treatment. When

visiting for a Wash House appointment, clients will be given a personally prescribed kit to capture the experience at home.

Reds are also offering Paul Mitchell® The Color, developed with a beeswax base and other natural conditioners. A-listers Elizabeth Banks, Eve and Jennifer Love Hewitt all love the results that Paul Mitchell® The Color gives them, leaving their locks looking red carpet ready. With the opening of the new-look salon on 8 February, Reds introduced a computerised system, enabling it to bring clients up to date, by

text or e mail, with the latest campaigns, news and offers.

Reds Hair and Ingle Neuk @ Reds are excited at the prospect of its official opening night on Thursday 18 March, when five qualified stylists led by Artistic Director/Manager Rachel Mather, plus top class beauty therapists led by Christine Darbyshire, will be carrying out hair and beauty treatments.

Wedding packages for bride and groom are available at both Reds and Ingle Neuk @ Reds and gift vouchers also make an ideal present for lots of occasions. ■
