Wellness Transdermic Needle Rollers improve the appearance of:

- Sun damage
- Fine lines and wrinkles
- Stretch marks
- Hair loss
- Pigmentation
- Acne scars
- Cellulite

The treatment involves precision micro-needling to create tiny pores on the surface of the skin to:

- Encourage collagen and elastin production
- Reduce skin blemishes and imperfections
- Regenerate and repair damaged skin cells
- Enhance the absorption of skincare products

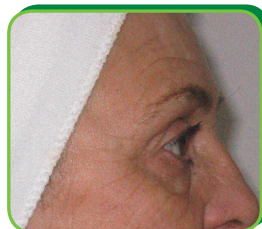

Without WTD roller
0.3% skincare product
absorption into the
layers of the skin.

With WTD roller
60% skincare product
absorption into the
layers of the skin. 200 times
more penetration of active
ingredients.
